Bite, pain, pleasure, shame (Rodina Version)

by MiaQc

Summary

An Alternate Universe where vampires exist and where Rody is a woman called Rodina.
I knew what she was going to do to me, but I let her in anyway.
Why? I must be out of my mind.

- A translation of Morsure, douleur, plaisir, honte (Version Rodina) by MiaQc

"MANON!" Rodina yells at me from behind the glass of my bedroom window. "LET ME IN!"

Her eyes seem to pop out of their sockets. Her mouth remains slightly open. Her vampire fangs seem to gleam in the moonlight. I know this state all too well: Rodina hasn't fed in a long time. She's in a frenzy.

"MANON! MANON!"

I knew what she was going to do to me, but I let her in anyway. Why? I must be out of my mind.

As soon as my window is open, the redheaded vampire pounces on me. She bites my neck fiercely and starts sucking my blood. It hurts. It has always hurt.

To ease my pain, or for her own bestial pleasure, Rodina rips off my panties and her fingers enter my pussy. She moves them quickly. Despite the pain, despite the shame, I moan with pleasure. My pussy gets wet.

The vampire woman continues to feed. She stops after she makes me cum with her fingers. Rodina removes her fingers from my pussy and, like all the previous times, apologizes. Rodina tells me she's sorry, that she couldn't control herself, that it won't happen again. Lies. All lies.

I yell at her. I tell her she's lying to me, that she always manages to get into a frenzy.

"And who do you go to when that happens? ME! Always me!" My eyes wet. I cry. "To think I loved you... GO AWAY!"

"Marianne... Manon, I..."

"GO AWAY AND NEXT TIME GO FUCK YOUR BOSS!"

The redheaded female vampire leaves. I collapse on my bed, weeping.
